The proficiency testing provider meets the requirements of DIN EN ISO/IEC 17043:2023 to carry out the conformity assessment activities listed in this annex. The proficiency testing provider meets additional legal and normative requirements, if applicable, including those in relevant sectoral schemes, provided that these are explicitly confirmed below.

The management system requirements of DIN EN ISO/IEC 17043 are written in the language relevant to the operations of proficiency testing providers and they conform to the principles of DIN EN ISO 9001.

Non-destructive testing (Ultrasonic-, Radiographic-, Magnetic particle-, Visual-, Penetration- and Eddy current testing), Optical density

For the cells marked with *, the proficiency test provider is permitted to include proficiency tests within the specified proficiency test objects and measurands/parameters in the scope of accreditation without being required to inform and obtain prior approval from DAkkS. The proficiency test provider maintains a current list of proficiency tests in the accredited scope.

This certificate annex is only valid together with the written accreditation certificate and reflects the status as indicated by the date of issue. The current status of any given scope of accreditation can be found in the directory of accredited bodies maintained by Deutsche Akkreditierungsstelle GmbH at <https://www.dakks.de>.
